## EDUCATION

- **maharshi dayanand university** New Delhi, India  
2023 - 2027  
*Bachelor of Technology - Computer Science and Engineering*

## SKILLS SUMMARY

- **Languages:** Kotlin, JavaScript, TypeScript, Python, C, C++
- **Frameworks:** React Native, Flutter, Android SDK, Next.js, React, Node.js, Express, Vue, Elysia.js
- **Tools:** Git, VS Code, Postman, Android Studio, Vercel, Render, GitHub, Figma, Thunder Client
- **Technologies:** Supabase, Firebase, MongoDB, PostgreSQL, Prisma, Axios, TanStack Query, ShadCN
- **Soft Skills:** Leadership, Event Management, Writing, Public Speaking, Time Management

## EXPERIENCE

- **CodeWithDhruv** Remote  
September 2025 - October 2025  
*Full Stack Developer (Contractual)*
  - **Full Stack Development:** Built complete full-stack website with authentication, user profile pages, and admin dashboard.
  - **UI/UX Implementation:** Fixed UI issues and created dynamic dashboard with interactive graphs and analytics.
  - **Technology Stack:** Utilized Next.js, Supabase, React, ShadCN, and CSS for responsive and scalable application.
- **Throttle Infotech** Remote  
August 2025 - September 2025  
*Android Developer (React Native & Kotlin)*
  - **Attendance System Development:** Developed an attendance tracking system for a music company with multiple students.
  - **Automated Notification System:** Implemented automated email notifications for due payments sent one week in advance.
  - **Technology Implementation:** Built cross-platform mobile application using React Native and Kotlin for Android.

## PROJECTS

- **MeetPing - Intelligent Meeting Management App:** Android application with offline speech recognition (Vosk), hierarchical summarization, and multi-LLM integration for real-time meeting transcription. Features key decision tracking, action item management, and modular architecture.  
**GitHub:** [github.com/uzumaki-ak/MeetPing](https://github.com/uzumaki-ak/MeetPing)
- **NotifiQ - Intelligent Notification Manager:** Production-ready Android app with smart notification prioritization using ML-based scoring algorithm. Implements MVVM, Room database, Hilt DI, and learns from user behavior.  
**GitHub:** [github.com/uzumaki-ak/NotifiQ](https://github.com/uzumaki-ak/NotifiQ)
- **AI Assist - Custom AI Agent Platform:** Cross-platform mobile app for creating custom AI agents with authentication via Clerk and Firebase backend. Features real-time chat interface, agent creation, and history management.  
**GitHub:** [github.com/uzumaki-ak/ai-assist-rn](https://github.com/uzumaki-ak/ai-assist-rn)
- **Rakshak - Medicine Management App:** Comprehensive medicine management app with expiry tracking, OCR scanning, AI health assistant, and reminder system. Features six-tab navigation and community sharing.  
**GitHub:** [github.com/uzumaki-ak/Rakshak](https://github.com/uzumaki-ak/Rakshak)

## HONORS AND AWARDS

- 2nd Place - NSUT Delhi Hackathon 2025 (Team Astra X) - Built smart campus solution with AI canteen management, digital lost & found, and scholarship finder system
- Mentor - NexHack 2025 at Geeta University - Mentored multiple teams in hackathon focusing on practical AI/ML solutions and feasibility analysis
- 15+ Hackathon Participant with consistent Top 5/Top 10 placements in various college and national-level competitions

## LEADERSHIP & VOLUNTEER EXPERIENCE

- **Microsoft Learn Student Ambassadors (MLSA)** Dwarka, Delhi  
2024 - Present  
*Core Team Member & Organizer*
